STANDARD VFR DEPARTURE ROUTES INFORMATION

Published VFR DEP routes

GOZO VFR DEP RWY 05/13: GH-MF-SP-CT-GL / GZO

GOZO VFR DEP RWY 23/31: DR-WP-GZO / GL

STANDARD VFR DEPARTURE PROCEDURES

1. The GOZO VFR DEP route will be assigned by ATC for all international VFR departures.
2. VFR departures intending to leave the Luqa CTR from the NORTH / SOUTH / WEST / EAST gates should insert the requested exit gate in field 15 of the FPL and advise LUQA GROUND when requesting enroute clearance. An alternative clearance will be provided by ATC subject to traffic.
3. VFR pilots should exercise caution when LM-D1 or LM-D6 are active due to the close proximity of the GOZO VFR DEP RWY 05 / 13 with these danger areas.
4. Pilots should plan to exit the OUTER zone at 2000ft. Higher levels may be authorized by ATC after leaving the INNER zone, subject to traffic.
